Connector Service Kit

Embraer EMB-314 SUPER TUCANO

HCT1570 Connector Maintenance Toolkit

Henchman Avionics Connector Tooling Kits offer a complete wire harness maintenance solution for Helicopters as well as Business, Commercial and Military Aircraft.

Our kits are equipped with the highest quality tools qualified to meet military specifications for stripping, crimping and terminating wire.

As a complete package in a wheeled travel case, Henchman has combined the required connector tools with our renown precision CNC cut high-density foam shadow board inlays, meeting the tool control requirements of the aviation industry.

Henchman offers a unique advantage that takes the guesswork out of producing and maintaining wire harnesses:

- Eliminate costly and time consuming research
- Ready-to-use kit to maintain your aircraft's wiring system
- Tool Selection Charts provided for easy cross reference
 of connectors and tooling
- Precision tooling to meet the demands of high reliability electrical systems
- Tools and accessories for building and repairing wire harnesses
- Cutout for every single tool and two-coloured foam for easy identification of missing tools, compliant to Part 145 regulations
- Hard foam with rigid, wipeable top layer and optional laser etching
- Lockable travel case (about 15kg) waterproof, dustproof, shockproof

About Henchman

Henchman is an international single-source supplier of premium tools, specialised tooling solutions, repair and calibration services and toolkits for specialised industries such as aerospace, electronics, defence, field and plant service, transportation, mining & energy, assembly & manufacturing and more.

Henchman toolkits with Visual Tool Control and Electronic Tool Control are renowned for their superb quality finish and design and are available for purchase globally.

Whatever your requirements, with our range we empower you to work professionally!

Example shown, actual kit may vary.
